Final Colposcopy Results

Colposcopist's name:

Contact information:

Date:

Dear [first name, last name],

Thank you for going to colposcopy. You do not need any more colposcopy appointments because you did not need treatment.

Based on your colposcopy results, your chances of getting cervical cancer are very low, so you also no longer need to get cervical screening tests.

We have also told your doctor, nurse practitioner or nurse about your colposcopy results and that you do not need any more cervical screening tests. You do not need to do anything else at this time.

Feel free to contact our office if you have any questions about your colposcopy results.

[Physician Name], MD, Colposcopist
